NEWS OF OUR MEN and WOMEN IN UNIFORM

At an Eighth AAF Fighter station in England T-5 **Elbert J. Ketchum,** Daly City, has been awarded the good conduct medal for exemplary behavior, fidelity, and efficiency in his first year of service, it was announced at the P-51 Mustang base.

T-5 Ketchum is the son of Mr. and Mrs. G. Allain, who reside at 75 Gambetta street. He was formerly a student at San Mateo junior college.

A member of the Army Signal Corps, T-5 Ketchum is currently engaged in vital signal work in connection with the fighter planes which escort bombers over their targets in Germany.

Corporal **Benjamin Leveroni,** Colma, has been promoted to sergeant. He is in England with the Eighth Army air force. He entered the service, February 15, 1943.

Sergeant **William Talbot,** U. S. Army Air Corps, is now in New Guinea, according to word recently sent his mother, Mrs. L. E. Talbot, 244 Westlake avenue. He took his training at Dalhart, Texas, entering the service in 1942. He is a graduate of Jefferson Union high school and attended San Mateo junior college. He was a welder at Bethlehem Steel.

Out in the South Pacific the home-town paper looks pretty good! That's the verdict of **William Bellando,** U. S. Navy, who just wrote home to ask his mother to stop by The Record and tell the staff so. Bellando, son of Mr. and Mrs. Peter Bellando, 45 Shakespeare street, is now a radio man third class.

Recently, he met his brother, **Wallace Bellando,** U. S. Army, on one of the islands of the South Pacific, after a year and a half of not seeing each other. The boys reported that they had a "swell get-together."

Among California men who recently were graduated as bombardiers at the West Texas Bombardier quadrangle in Texas was **Clay F. Yerby,** 3153 San Jose avenue.

Corporal **John R. Baker,** "Bob" to dozens of Daly City public officials and business men, former Daly City Record reporter, is now in England. He writes to say he wishes he were back helping get The Record out. Before leaving for overseas duty, Baker was at Camp Joseph T. Robinson, Arkansas. He's with a hospital detachment.

Private **Leonard W. Sorg,** son of Mr. and Mrs. George Sorg, 67 Woodrow street, is now stationed at Fort Riley, Kansas, with the U. S. Army Tank Corps. He is a graduate of Jefferson Union high school and before entering the armed forces was employed by Butler brothers.

Home on his first furlough since entering the armed forces, Private First Class **Albert Raffo,** formerly with the Vista Grande market, was in Daly City, this week to visit with friends. He is a cook with the U. S. Army and is now stationed at Camp Gruber, Oklahoma.

His parents are Mr. and Mrs. Pete Raffo, 1307 Castro street, San Francisco.

Private **John A. Mosman,** son of Mr. and Mrs. J. A. Mosman, 232 Hillcrest drive, has reported to San Diego for his basic training with the U. S. Marine Corps. He is a graduate of Jefferson Union high school and was employed in the marketing department of Standard Oil company before entering the service.

With him on his trip to San Diego was **Andrew Parodi,** another Jefferson graduate also entering the Marine Corps. Parodi is the son of Mr. and Mrs. John Parodi, Evergreen avenue. He was formerly employed as an aviation mechanic at the Alameda air field.

Four Daly City servicemen called in at The Record office, last week, in a group. All were pals before entering the service and two of the boys had worked

City Council Reorganizes

Swear In Dennis, Meritt, Mrs. Stockton, Ross; Select A. J. Gaggero For Mayor

With the council chambers crowded to capacity with townspeople, the Daly City Council met, Tuesday night, April 18, for its reorganization session, following the general municipal election of April 11. The election returns were officially canvassed and the new councilmen, Burton "Bert" L. Meritt and Edward J. Dennis, and City Clerk B. C. Ross and City Treasurer Mrs. Florence Stockton were sworn in for four year terms.

When the retiring council members, John J. Fahey sr. and Edmund Cavagnaro, had stepped down from the council table, the new men took their places. Most important action was the election of A. J. Gaggero as mayor by unanimous vote. Gaggero served the city as mayor under the old council.

Resolutions officially commending the retiring councilmen for their long periods of generous public service, and leadership were unanimously passed. The resolutions will be officially recorded and copies presented to Fahey and Cavagnaro.

Absentee ballots were opened and their tabulation gave five votes to Fahey, five to Cavagnaro, seven to Ross, six to Mrs. Stockton, two to Dennis, and two to Meritt. The regular election returns were read by precinct by the city clerk.

A resolution was passed accepting the election returns, upon satisfactory evidence that the election had been held as prescribed by law for a sixth class city. A certificate of the election was signed and authenticated.

Before the old council adjourned, Cavagnaro made the suggestion that the new council take immediate steps to have precinct boundaries in Daly City studied and made more convenient for the voters of the community. He also suggested that if the proposed tract for more than 300 homes adjacent to Hillside boulevard materializes that adequate playground space be reserved in the area. Mayor Gaggero thanked him for the suggestions and said the council would look into both matters.

After the old council was adjourned sine die, Fahey swore in Ross for a new term of four years as city clerk. Thereupon, Ross swore in Councilmen Meritt and Dennis, and Mrs. Stockton. In taking their oath each pledged to uphold the constitution of the United States and the constitution of the State of California and to discharge their duties faithfully in their respective city positions.

Mayor Gaggero invited two former mayors of Daly City, H. H. Smith sr. and Paul G. Selmi to sit with the official family for the evening and to address the audience present for the occasion.

Both Meritt and Dennis expressed appreciation for the support of the people of Daly City at the polls and pledged that they would give the best of their time and ability to advance the progress of

Colma Vista Grande Aerie No. 1848, F. O. E., will have charge of the Daly City Servicemen's club, 6201 Mission street, for the week beginning Sunday, April 23. Currently, Crocker P. T. A. is handling hostess duties.

A dance is being arranged for Saturday night, April 22.

The new plan of having junior hostesses serve each evening of the week, along with the senior hostesses, is now in operation and has proved very successful, according to the committee.

Arrange For Boy Scout Conference

To stimulate interest in the Boy Scout program in the communities of Daly City and Colma, a special meeting will be held at Jefferson Union high school, Tuesday evening, May 2. Arrangements for the program, to which the public is invited, are being made by Tom Tallon, Daly City commissioner, Mel Battye, James G. Reardon, R. L. Crane jr., Joseph Straughan, and R. E. Bennett.

L. Bond from San Francisco Area council headquarters will be principal speaker and there will be a demonstration by one of the outstanding troops of the district. The program will begin at 8 p. m.

All adults who are interested in the Boy Scout program or who have boys who should be benefitting by it are urged to be present. Leaders are especially needed in all branches of scouting here.

Boy Hurt Seriously In Auto-Bike Crash

Leo Bricker, 12-year-old Daly City boy injured in an accident at Templeton avenue and Winchester street, Thursday evening, April 13, has been transferred from San Francisco hospital to Community hospital at Belmont, where he is still in a serious condition due to a fractured skull received when his bicycle and a car driven by Halvard Hansen, 778 Templeton avenue, collided.

The lad, who attends Crocker school, was taken to Alemany Emergency hospital in the Daly City ambulance by Woods, Bertelli, and Meritt. He is the son of Mr. and Mrs. Fred J. Bricker, 313 Peoria street and is one of twelve children.

Mrs. Bricker expressed her appreciation to the teachers of Crocker school and to the Holy Name society of Our Lady of Perpetual Help church for their assistance and sympathy.

Policemen August Benassini and Henry Sundermann jr. investigated the accident.

Police Found Him In "Nasty Mood"

Characterized by police as "in a nasty mood," Marvin Flowers, soldier, was taken into custody at Wit's End tavern, April 16, 12:10 a. m., after a brief tussle in which Officer Roland Petrocchi was thrown to the ground. The offender was later released to Military Police. Officers Petrocchi, Roy Beecher, and George Savage responded to a call from the tavern when the soldier created a disturbance there. They found him yelling and swearing in front of the establishment. Attempts to quiet him failed.

Officer Henry Sundermann jr. and Sergeant Ricco Benedetti took Benjamin Silver, 119 Hillcrest drive, to Community hospital in the police car, April 12, when a neighbor notified them that Silver was seriously ill.

Dean Schrieber, 33 Knowles avenue, reported to police headquarters, April 15, at 12:30 p. m. that a car had run down Knowles

Local Draft Board Gets Army-Navy Calls

Mrs. Isabelle Flynn, chief clerk, Daly City Draft Board No. 103, reports that the Army has requested 25 men for May 3 and the Navy has put in a call for 21 men for May 9. The registrants to be inducted for the Army will report directly to the Southern Pacific station, Third and Townsend streets, San Francisco, where they entrain for Monterey, while the Navy men will go to the Navy Recruiting station, Federal Office building. There will be no meetings at the local board office of these groups.

There is a call for 47 transfers to take their pre-induction physicals, May 1, Mrs. Flynn revealed. These will all be men who have transferred to the Daly City board from some other section of the country.

What Does May 6 Mean To You? Plenty!

What does the date, May 6, signify to you?

Daly City Fire department members hope it means that you are going to the Victory Bond Dance at Lovchen Gardens, Colma, where you'll have a wonderful time and help raise funds for the Widows' and Orphans' association of the department.

Tickets are on sale and may be secured from any member of the department. At the same time the volunteer firemen are canvassing the city with tickets for their annual ball they are asking residents to donate a pint of blood to the San Mateo County Blood Bank.

Complete list of committees appeared in last week's Record. Al Sundstrom heads the committee on ticket sales and blood donor solicitations.

Johnny Dell's orchestra will furnish music for the dance.

Schedule Two Good Games For Sunday

Daly City baseball fans are promised two good games at Marchbank park, next Sunday, April 23. At 11 o'clock the Daly City Juniors are scheduled to meet the South San Francisco Blues, and at 2:30 p. m. Bay Meadows will meet the Owl Drugs. The latter contest should be of greater interest because of the fact that Walter Lister, veteran Owl pitcher, is playing this season with the Bay Meadows squad.

Last week-end's schedule at the park was started off, Saturday, when the Daly City Cubs took a 9-5 decision over the Mission Cubs from Amazon playground. Director Charles Norry reports a very good turnout of Daly City boys for Saturday's sports program at the diamond. With more than forty local youngsters, and thirty with the visiting team, a good time was had by all.

Sunday morning's game between the Daly City Juniors and Moore's Fountain boys proved to be a bad case of mismatching, with the local team romping home with a 20-0 score.

In the afternoon contest, the Longshoremen beat the Alvin Joseph Motors of Hayward, 9 to 1.

To Hold Boxing Bouts At Jefferson Tonight

Boxing classes at Jefferson Union high school will wind up their second annual tournament with a program of semi-final and final bouts at the gymnasium, tonight, April 20, according to Coach Elman Rose. The program will be open to the public, at a small admission charge.

Terminating the school's boxing program for the year, the tournament has included some 40 boys, although all physical edu-

Airplane Stamp 2 Valid For Shoes, May 1

Airplane Stamp 2 in War Ration Book Three may be used for buying one pair of rationed shoes beginning May 1, 1944, the Office of Price Administration said today. The stamp, like Airplane Stamp 1 now valid, will continue to be good indefinitely.

Announcement was made, March 3, that a new shoe ration stamp would become good, May 1, but the number of the stamp was not made known.

As announced previously, Stamp 18 in War Ration Book One, which has been valid for shoe buying since June 16, 1943, will expire, April 30. Thus, May 1 two shoe ration stamps, both in War Ration Book Three, will be good: Airplane Stamp 1, which became valid last November 1, and the new one, Airplane Stamp 2.

Invite Public To School Program

Principal James Ferguson has announced the program for the observance of Public Schools Week at Jefferson Union high school, Tuesday evening, April 25, in the auditorium. He issues a cordial invitation to all parents and interested adults to take this opportunity to visit the high school, meet the faculty, and acquaint themselves with the educational objectives of the institution.

Cosponsoring the Public Schools Week program is Crocker Lodge No. 454, F. and A. M., with M. J. Jensen, worthy master, presiding as chairman for the observance, and officers of the group acting as ushers.

The high school band, under the direction of Oscar Busch, will play "Morning, Noon and Night." The chorus, also directed by Busch, will sing "Gloria en Excelsis," Mozart; "Ave Marie," Schubert; "Commit Thy Ways," Bach. Vocalists will be Pat Marocco, Frances Crossley, and Marie Nunes.

Major address of the evening will be given by Professor Harold J. Rathbun of the School of Law at Stanford university.

The audience will give the pledge of allegiance to the flag.

After the program in the auditorium, the girls of the physical education department will demonstrate swimming strokes, diving, and formations at the high school pool, finest in the Bay area. Supervising the demonstration will be Miss Ella Redkey and Miss Claire Nace, instructors.

The schools of the Jefferson Elementary School district will hold no public program, according to Superintendent R. L. Crane jr. but the public is invited to visit the schools at any time during the week.

Facts, Figures On War Fund Drive

In a final effort to increase Daly City's contributions to the 1944 Red Cross War Fund drive, letters will be sent to every resident before the end of April, urging that those who failed to donate give now and that those who gave, but not as generously as they could afford, make additional contributions. The letters have been prepared by San Mateo county headquarters, according to Mrs. Joseph Conlon, chairman of the Daly City campaign.

Checks or money orders may be mailed to Mrs. Conlon at 462 Templeton avenue or Miss Muriel Mooney, Daly City Water department, city hall, and Mrs. Mary Crane, Red Cross workroom, Theatre hall, (Wednesdays and Fridays), are still taking contributions.

Mrs. Conlon has deposited $4,437.40 with county headquarters. This sum, largest ever collected in Daly City, although short of the $8,000 quota set for the commun-

"Cross Of Lorraine" Heads Film Fare

Metro - Goldwyn - Mayer has brought to the screen a vivid dramatization of a best-selling novel, Hans Habe's "A Thousand Shall Fall," and titled it in tribute to the leader of the Fighting French today. For the film, which is now playing at the Daly City theatre, bears the title "The Cross of Lorraine," the emblem of the Free French and stars Jean Pierre Aumont in his second appearance on the American screen and his last for the duration. Gene Kelly and Sir Cedric Hardwicke head the all-male cast.

After the fall of France a group of French soldiers who had been promised freedom find themselves hostages in a prison camp under the brutal heel of Nazi Peter Lorre. The enemy seeks to break their spirit and turn them against each other. Some of the men fall prey to their scheme, others do not. One of them even turns collaborationist. After many months of hardship and suffering some are able to escape to France. There they incite the villagers to wipe out an oppressing Nazi unit and to follow them to the hills to join the guerrilla fighters.

Jean Pierre Aumont, who escaped from France after winning the Croix de Guerre when the Armistice was declared and made his American film debut so auspiciously in "Assignment in Brittany," makes his last appearance for the duration (he is now actively fighting under General de Gaulle) a memorable one. Gene Kelly is outstanding as the brave taxi-driver who refuses to accept defeat and regains his lost faith from the courage of his countrymen.

Others in the outstanding cast are Sir Cedric Hardwicke as a gallant priest, Richard Whorf, a brilliant surgeon, Joseph Calleia, a professional anti-Fascist, Hume Cronyn, Peter Lorre more despicable than ever, Wallace Ford and Billy Roy.

BUBBLE-DANCER — is U. S. war slang describing a dish washer. Even a dish washer has wartime duties. Yours is to work and buy more War Bonds in the 3rd War Loan.

Current Attraction at Daly City Theatre

Wallace Ford has won the chance to test the Nazis and their underhanded methods, when he tries to escape from a German prison camp in M-G-M's "The Cross of Lorraine," now at the Daly City theatre. He is killed in the attempt, but the gamble was worth it. Sir Cedric Hardwicke, as Father Sebastian, gives his blessing, as Pierre Aumont and Gene Kelly look on with fear in their hearts.

Call For More Volunteer Workers

A call has been issued by Mrs. Samuel Crim, chairman of the Surgical Dressing department, San Mateo County chapter, American Red Cross, for more volunteers to make surgical dressings. The chapter has been asked to fill a monthly quota of 110,000 sponges.

"This quota must be met and maintained by the women of the county so that we may continue to serve the armed forces," says Mrs. Crim. "Volunteers are urged to register now at their nearest surgical dressings workrooms."

In Daly City the workroom is located at Theatre hall, above the Daly City theatre. Hours are 10 a. m. to 4 p. m. each Wednesday and Friday. Mrs. J. G. Morris heads the surgical dressings division.

WAR CHEST

The executive committee and the budget and admission committee of the San Mateo County War Chest, Inc., as their first step in the development of a county quota for the War and Community Appeals in the campaign, this fall, are forwarding to the local agencies who participated in the drive in October, 1943, an application form for them to execute, which will give the budget and admission committee the necessary information for their careful consideration.

Any agency which feels that it will meet the eligibility required may submit their request and certified budget for review.

It is necessary that these budgets, with all the required data, be received at the War Chest headquarters, 1211 Burlingame avenue, Burlingame, not later than June 15, 1944.

To Discuss Position Of Sweden, Monday

Ake Malmeus, Swedish vice consul in San Francisco, will address the Peninsula forum at the San Mateo junior college, next Monday evening at 7:30, in the college auditorium. He will speak on Sweden's position in world affairs today. A man of wide experience in consular work, the speaker has a fine understanding of European conditions. The public is invited to the lecture.

Students of the junior college are sponsoring a drive for blood for the Red Cross and a drive for old newspapers for paper salvage at the present. A number of the students and faculty members are regular donors of blood.

FORT MASON NEEDS MEN OVER SIXTY FOR DUTY AS CIVILIAN PATROLMEN

Men over 60, wondering what they can do to help the nation's war effort, can find the answer at Fort Mason, where there is urgent and immediate need for more War Department civilian patrolmen.

Many men over the three-score mark and in reasonably good physical condition are already serving as patrolmen on the docks, warehouses and other installations of San Francisco Port of Embarkation, for which Fort Mason is headquarters.

There's Sailor Tom Sharkey, former heavyweight fighter, now close to three score and ten but on the job every day as a patrolman. There's Chief Tucker Beckett, head of Company B of the Patrol and admitting to 66 years.

Full details concerning this employment can be obtained from the U. S. Civil Service commission, Federal building, or the U. S. Civil Service board, Building 213, Fort Mason. Appointments are subject to War Manpower Commission regulations. Younger men with necessary qualifications are, of course, also acceptable.

"WE" MADE IT WORK

The cost of living has been virtually stabilized for nearly a year, according to the U. S. Bureau of Labor Statistics. Thus the danger of an uncontrolled price rise disrupting production in a crucial phase of the war, is apparently eliminated.

Credit for this all important, though possibly temporary victory over inflation should not go entirely to government stabilization agencies. For example, how would the people have learned to live under a maze of regulations issued thousands of miles from their homes if local newspapers and other sources of information had not voluntarily burned the midnight oil to enlighten them?

Retail merchants, too, are responsible for the success of price fixing and rationing. They have sought by every means at their command to impress upon consumers the importance of supporting the government in its program to maintain stability. They have often been a step ahead of the government by instituting voluntary controls over distribution of scarce articles. And it is not surprising to find that chain stores have played a leading role in helping the retail distribution industry enforce cost-of-living regulations. Efficiency and maximum service at minimum cost are the key to their existence. Uncontrolled inflation is anathema to the operating methods of the chains. As a result, they have become the consumers' strong ally in the fight against inflation.

The best guarantee that the present victory over inflation may not be temporary, lies in the fact that it came from the combined efforts of the people and private industry.

Tuesday and Thursday volleyball practice for G. P. A. L. games was held. April 25 and 27, games will be played.

STAMPS 'N BONDS

Louise Terry and Elsie Belli have prepared a program for tomorrow's assembly to help boost the sale of stamps and bonds.

For the remaining months of the term the committee announced it would like to have 100 per cent sales of stamps and bonds.

GET ACQUAINTED WEEK

Last Wednesday, Thursday, and Friday were days set aside for "Get Acquainted Week." Wednesday morning, students were handed programs on which other students they would like to know signed their names.

EXECUTIVE

The regular meeting of the executive board was held, April 11. It was called to order at 8 a. m. by President Lenore Ross.

Old business: plans for the junior-senior party were submitted to the chairman of the entertainment committee.

"Get Acquainted" tickets were to be distributed during first period, Wednesday.

An assembly is to be planned to which the admission will be scrap tin.

New business: a letter was received from the Red Cross, thanking the student body for the part it played in the recent war fund drive.

POSTPONED

Don't start getting ready, you juniors and seniors for the party tomorrow night, because it has been postponed to April 28.

Refreshments for the party will be cake and "coke." Music will be by records.

SENIOR EDITIONS

The end of the term must be close because orders for the senior editions were taken already last week.

Gloria Nopper has been chosen as editor-in-chief.

One thing announced was that the edition would contain more pictures and candid shots.

CHANGES MADE

Louise Terry, Eva Claus, and Kathleen Day got busy Easter week and painted the school store.

They painted it green and brown and gave it the new name, "Indians' Tradin' Post." Cute, huh?

MUSIC

In assembly, April 18, Gladys Steele, pianologist, was featured. She is an interpreter of folk and character songs.

She once before made an appearance at Jefferson as an accompanist.

DRIVE

"Penny for a Pine" was the idea of last Friday's assembly. A film was presented with John P. Harville as narrator.

During the program workers to combat the "blister rust" were asked for. Some of the boys from Jefferson participated, last year.

A total of $18.50 was collected for the planting of pines destroyed by fire or by disease.

Present Braille Telephone Dial

Presentation of a telephone dial with Braille markings involving the letters of the alphabet and numerals especially mounted for the use of those in the armed forces who have become sightless through war action was made by Lyle M. Brown, division manager of the Pacific Telephone and Telegraph company, to Brigadier General Frank W. Weed, Commanding Officer of Letterman General hospital.

The device was originated by N. A. De Stefano, telephone company representative. The dial is mounted on a suitable bakelite encasement with the Braille alphabet and Braille markings for numerals from 1 to 10 inclusive.

"The dial and mountings are designed for training purposes to make interesting and easy the memorizing of the numerals and letters, enabling the men to place their own calls whenever they wish to do so. It was developed in the spirit of helpfulness to those boys who have lost their eyesight as we are deeply interested in their welfare, particularly in measures that will be helpful to them when they return to civilian life," Brown said.

General Weed stated that the dial will form "a valuable adjunct to the training course conducted for the men in the armed forces who have been blinded and will be of great assistance to them on their return to civilian life."

READING & WRITING

BY Edwin Seaver AND Robin McKown

Zofia Kossak is one of Poland's most distinguished novelists. She is said on good authority to have been a leading candidate for the Nobel prize in literature before the outbreak of the present war. She is reported to be still living in war-ravaged Poland, but no one knows for sure for no word has been heard from her for several years.

ZOFIA KOSSAK

Mme. Kossak's first book to be translated into English is "Blessed Are The Meek," which the Book-of-the-Month Club has selected for April. "Blessed Are The Meek" is a historical novel about the life and age of St. Francis of Assisi.

In this novel is one of the greatest mass stories of history, the second Children's Crusade. The faith that seemed to have left the kings and the nobles was still alive among the common people and especially the children. When Pope Innocent III failed to move the cynical and materialistic followers to seek again a religious goal, the children shamed their elders by trooping toward the Holy Land. But they were deceived by false leaders. Of all the children who set out from Venice on their idealistic mission, those who were not drowned were sold into slavery.

But the book really belongs to St. Francis, who is in Italy with his poor brethren when the story begins. A simple man who really believed in the virtues of poverty and love, he becomes the symbol, even to the Pope, of what Christianity actually means. The account of his visit to the Sultan in Egypt which resulted in the freeing of a captured Christian army, a true historical incident which has always seemed inexplicable, is one of the most convincing scenes of the book.

This novel is published by Roy, formerly one of the most brilliant publishing houses in Poland. With the German invasion, they were bombed and pillaged out of existence, their entire stock of two million books stolen by the Nazis. The publishers themselves barely escaped with their lives. They came to the New World to begin over again—with notable success, to judge from "Blessed Are The Meek," which is almost certain to be a best seller as well as a Book-of-the-Month Club selection.

"The three most important discoveries of this war," says Quentin Reynolds in "The Curtain Rises," "are the jeep, Ernie Pyle, and the American Red Cross girl." The Red Cross in Alexandria, he relates, did a wonderful job rehabilitating nerve-wracked air pilots. There they received such rare luxuries as ice cream, lemonade and American magazines. There was a beach for swimming and sunning, and sailing boats for those who needed that kind of relaxation. Once, however, when the woman in charge suggested to two worn pilots who happened in that they might like a sail on the Mediterranean, one of them fainted dead away. "What's wrong?" she asked in alarm. "Well," the second pilot explained sheepishly, "my pal here was shot down last week, and he floated around for three days before he was picked up. I guess he's had enough of the Mediterranean."

LETTERS FROM FAHEY, CAVAGNARO

Editor,
Daly City Record,
Daly City, California.
Dear Madam:

Because of the fact that it is impossible for me to personally thank all of those who supported me in my recent campaign for re-election to the City Council, may I, through the medium of your newspaper, extend to them my heartfelt thanks for their valued support and good will.

While not successful on April 11, I want my friends to know that I appreciate their help and cooperation in furthering the best interests of our city, during the twelve years it was my privilege to serve as City Councilman and Mayor.

May our City continue to flourish in a healthy and prosperous fashion.

Sincerely,
(Signed) John J. Fahey, Sr.

The Daly City Record publishes here a letter addressed to the citizens of Daly City from Edmund Cavagnaro, former city councilman—

To Citizens of Daly City:

I wish to assure the good citizens of Daly City that the continued loyalty and cooperation shown by them during my term on the city council shall never be forgotten. The progressive program of improvements and activities sponsored by your city council during this period to modernize and develop our city could not have been made possible without the harmony and get-together spirit shown by our organizations and citizens.

It has always been my policy as your representative to work earnestly for the best interest of the people and our city. In leaving as your city councilman I wish to extend my thanks to all those good citizens who so generously gave of their time and energy in my recent campaign for re-election. My sincerest appreciation and thanks. The loyalty and confidence shown me will always be remembered.

(Signed) Edmund Cavagnaro.

FERRELL DISCUSSES

District Attorney Gilbert D. Ferrell, in speaking of his candidacy for Superior Judge, Department 1, San Mateo county, pointed out that throughout the history of San Mateo county, as well as in many other counties of the state, the people had elected as their judges candidates who had served their apprenticeship as district attorneys.

As examples of this in San Mateo county, Ferrell pointed out that the late Judge Buck and Judge Swart, both of whom had formerly been district attorneys, were honored and promoted by the people to the office of superior judge.

"It is evident," Ferrell said, "that the people of San Mateo county and other counties feel that the experience and understanding gained as district attorney in dealing with the many and varied problems, will prove of invaluable assistance when acting as a judge of the superior court."

Local Office Of Price Administration Lists Highlights For D. C. Consumers

Miss Genevieve Blue, chief clerk at Board No. 83-12-3, Office of Price Administration, which serves the Daly City area, this week announced highlights from the current consumers' bulletins which might be of interest to local shoppers:

PHOTOGRAPHIC EQUIPMENT

Call your local board for the proper price to pay or charge for used photographic equipment bought or sold, after April 6, 1944. On that date, ceiling prices went into effect for all sales of used cameras, projectors, enlargers and exposure meters. Everybody who buys or sells any of these items is subject to price control.

HOSIERY

The highest legal price you can be charged for full-fashioned "non-run" rayon hosiery with cotton top and foot, 45 gauge and higher, is $1.28 per pair for the unbranded and $1.34 per pair for the branded hosiery. For full-fashioned lace and mesh hose, cotton top and foot, 45 gauge, the branded price is $1.29 and the unbranded price is $1.22 per pair. For this same hosiery, 51 gauge, the prices are $1.43 and $1.35 per pair, for branded and unbranded hose, respectively. In all cases, the price must be 7c less with the rayon (instead of cotton) top and 5c less with the rayon foot.

Branded hosiery is that advertised by the manufacturer, and usually is sold under a nationally advertised name such as Phoenix, Holeproof, Berkshire, Mojud, etc. Store brands, such as Imco, Aimcee, etc., are rated unbranded since they are not advertised by the manufacturer. If you are not sure whether certain hosiery is branded or unbranded, call your local board.

COFFEE

Not all restaurants in the Bay area are required to serve coffee at 5c per cup. At all times, restaurants which are in Groups E and F may charge 10c per cup, and those in Group G may charge 15c. All eating places which have always maintained a minimum service charge of 10c or more may charge a similar amount for a cup of coffee served alone. However, no establishment may set up a new policy of having a minimum service charge. Only restaurants which have made a practice of such a charge and have been notifying the public to that effect right along by signs, or by statements on the menu, or which show such charges in their filings with the local boards, may continue to make the minimum service charge.

USED CARS

1942 used passenger cars are under price control. When you call or write to the San Francisco District Office for the price of such car, please give both the make of the car and the model number.

BOOK MATCHES

Book matches have specific ceiling prices, as follows: for a carton of 50 books, the highest price you may be charged is 14c per carton. (In a chain store and super-market, the price is 13c, or two for a quarter.) For handi-packs of 15 books, the ceiling price is 5c; and in smaller sales, book matches must sell 2 for a penny (and three for a penny in chain stores and super-markets).

Retailers who, in March 1942, gave away book matches to purchasers of tobacco products must continue to do so now. The same is true of sales made through vending machines.

ADD ITEMS

Twenty-one additional groups of dry grocery items were added, Monday, April 17, by the San Francisco District Office of Price Administration to the existing market basket price list, effective in Daly City as well as in other Bay area communities.

Items brought under this form of price control by today's order include baking powder, dried beans, chocolate, cocoa, cocoanut, cookies and crackers, corn starch, dog and cat food, flour and flour mixes, gelatin and gelatin mixes, tea, and dehydrated soups. In addition, the following creamed and bottled foods also were added: asparagus, beets, catsup, lima beans, canned meats, olives, prune juice, spinach, tomato paste and tomato sauce.

OPA officials explained that issuance of the new list does not indicate any substantial ceiling price changes for these products have been under price control right along. Dealers heretofore computed ceilings by applying a specific percentage mark-up over net cost. By stating specific ceiling prices per pound or container, there is less chance of error, and at the same time observance of ceiling prices is easier for both dealers and customers, according to the OPA.

Market basket prices are set according to individual brands and sizes. Besides the 22 added food groups, the supplementary market basket price list also covers additional brands and sizes for other types of groceries already under these specific ceilings. Altogether approximately 800 separate listings are covered by the supplementary market basket prices. San Francisco is the first district OPA office in the nation to issue such a supplement to the market basket price.

OPA officials and all OPA boards have been supplied with copies of the supplementary list to answer consumer inquiries.

Merchant Marine Needs Men Over 26

The Merchant Marine has an urgent and immediate need for men over the age of 26, in all draft classifications except 4F, it was announced today by Lieutenant (j. g.) M. C. Hathaway, USMS, District Enrolling officer of the United States Maritime Service.

No change in the physical requirements for the Maritime Service trainees has yet been received, Lieutenant Hathaway said, but all men 26 or over, if qualified, may apply and expect assignment to training within two weeks.

The present emergency arises from the recent Selective Service, War Shipping Administration agreement prohibiting the enrollment for training of men under 26.

The Bay Area Maritime Service Enrolling office is located at 1000 Geary street, San Francisco. Telephone GRdway 6010.

I wish to thank all who supported me in my successful campaign for election to the city council. I shall try to merit your confidence.

Mrs. American Can Do Her Part

Mrs. America can do her part in keeping price control working, by refusing to pay more than ceiling prices. Market basket prices covering hundreds of groceries and other food items are posted in all stores. But in addition Mrs. America may obtain special consumer lists of these same official OPA prices from local OPA boards. In this way when shopping lists are made up, she will be able to note the ceiling prices too. Then she can make certain that selling prices are not over the ceiling.

Wartime shortages of various articles show up in varied ways. For example, the shortage of paper wrappers would jeopardize the safe transportation of certain fruits and vegetables. So the War Production Board has ordered the unrestricted production of wrappers for apples, pears, peaches, tomatoes and lemons to make sure of safe transportation.

Spend your ration tokens before you use your stamps when buying rationed foods. Both are good indefinitely. However, it is easier to keep track of stamps attached in your book than loose tokens.

Mr. and Mrs. America are on their own as far as tire inspection is concerned after today, April 20. Compulsory periodic inspection of passenger car tires no longer will be required. The periodic inspection has been abolished because motorists have learned to take care of their tires, and are expected to continue the habit. But be sure to retain tire inspection records. No rations of tires or gasoline will be granted by an OPA board without these inspection records.

Shortening and rationed salad and cooking oils were made point free, effective April 16, according to announcement by the Office of Price Administration.

For over a year—since March 29 of last year—housewives and other users have been surrendering points in the purchase of these items. Before the reduction, the point value of shortening and salad and cooking oils was 4 red points per pound.

Lard, which can be used interchangeably with oils for cooking, it was pointed out, was made point free, last month, because of marked improvement in supplies. The run of hogs to market continues heavy, OPA said, and ample lard stocks for cooking was a factor in the reducing of rationed oils to zero point value.

Butter and margarine are not affected by the April 16 action.

Spring Spice

FRESH APPROACH to the necessary basic dress is offered by CBS star Muriel ("Mary Marlin") Kirkland, who recommends the spicy, new nutmeg for women who, like herself, cannot wear black. The color pairs off in perfect accord with innumerable popular shades. Miss Kirkland prefers a touch of spring lime which she adds with a Sally Victor original half-hat trimmed with deep brown ribbon to match her accessories.

Discuss Living Costs Of California Teachers

The cost of living of teachers in the public schools of California has increased 35 per cent to 40 per cent since December 15, 1940. This information is revealed in a report by Dr. John Almack of Stanford university of a study carried out for the California Teachers association. The report shows that the trend is upward and that teachers' salaries fail to provide for these increases in the cost of living.

The material which was collected early this year shows the cost of living in California to be higher than the national average based upon the Bureau of Labor Statistics index. Food in California is 1 1-2 times the national index value. Many teachers in the rural areas room and board in homes in the community. Governmental controls and ceilings have been found to be ineffective in regulating this situation, the study points out. Dr. Almack reports that over 90 per cent of the teachers, both in rural and urban areas, stated that they had increases in the cost of food, board and clothing since July 15, 1943. Other studies have revealed that the cost of living index for teachers should be about 13 points above the values presented by the Bureau of Labor Statistics which are based on low salaried white-collar and wage earners.

The standard of teacher preparation in California is among the highest in the nation. Teachers entering the profession now must have at least four years of college training.

Most teachers have received some adjustment to compensate for the lowered purchasing power of the dollar. A report from the Bay Section Office of the California Teachers association indicates that these adjustments have amounted to only 11 per cent on the average as against the increased cost of living of about 35 per cent, and this is the first adjustment for many teachers, coming two years after the cost of living started to rise rapidly.

Many well-trained and experienced teachers are forced to leave the profession because they are so poorly paid, it was pointed out.

Fine Two Men For Recklessness

Two fines for reckless driving were imposed by Judge William J. Sweeney at city court session, Friday, April 14. Thomas H. Preston, 218 Fortieth avenue, San Mateo paid $50 on that charge, while J. H. Hammock, San Francisco, paid a $25 fine for being on the left center of the line on Hillcrest drive in an ice truck which damaged three cars.

Improper parking cost Lawrence Ricketts, Oakland, $5. Mrs. John E. Kron, El Cerrito, paid $5 on a similar charge. Both motorists took care of property damage as well.

A San Francisco juvenile was given a $2.50 fine for disregarding a Daly City signal.

avenue and struck his sedan which was parked in front of his home. Officer Hopman responded and found that the runaway car, on which the brakes had not been set, was a Ford V8 coupe belonging to Mrs. Hazel Boennecke, 543 San Diego avenue.

Chief James Reardon, Officer Hopman and Companies No. 1 and No. 4, D. C. F. D., answered a fire alarm from Box 42, Bellevue and Evergreen avenues, April 12. The fire was in 631 Bellevue avenue, next door to Crocker school. A small electric iron, left connected, had burned its way through the ironing board and through the floor below. The blaze was extinguished. No one was in the residence at the time.

April 16 at 6:15 p. m. Officer Sundermann and Archie Banfield responded when Mrs. Cerna, 220 Los Banos avenue, reported that grease on the kitchen stove was afire.

COUNCIL

(Continued from Page 1)

Daly City.

Holdover Councilman Eugene V. Lynch discussed at some length the outstanding service which both Fahey and Cavagnaro had given Daly City. He extended his congratulations to the new men and pledged his cooperation and assistance, as did appointive Councilman Howard McHugh.

Fahey and Cavagnaro briefly reviewed their careers of public service, congratulated the new members, and pledged continued interest in the welfare of Daly City.

Talks, most of them brief, were also given by Clerk Ross, Treasurer Mrs. Stockton, City Attorney F. E. Hoffmann, City Auditor C. E. Piatt, Ex-mayors Smith and Selmi, City Judge William J. Sweeney, and Julius Castelan, one-time city engineer.

Other city officials present were Police Chief James G. Reardon, Fire Chief Andrew P. Chesney, City Purchasing Agent Arthur J. Bodien. The audience included friends and relatives of the new councilmen, as well as organizational representatives and interested citizens.

Greyhound Recruits Women For Wacs

Mobilizing the power of its newspaper advertising behind the Armed Forces, Pacific Greyhound Lines has run four advertisements in the past few months to stimulate recruiting. The first was for the Seabees, when that branch of the Navy was in urgent need of construction mechanics in the Pacific. This was followed in succession by large advertisements for the Waves, Women's Reserve of the Marine Corps, and the Wac. The latter advertisement appears in this issue of the Daly City Record. Each advertisement was run in more than 500 western newspapers.

Napoleon once said that an army travels on its stomach. "With all due respect to the maxim of the great strategist," says Vice-President F. W. Ackerman of Pacific Greyhound Lines, "one has only to take a bus ride to gain the impression that the Army, as well as the Navy, Marine Corps, and the uniformed women of all the military forces, travel on Greyhound buses!" Ackerman pointed out that most of the army camps, navy yards, and other military training centers are served by Greyhound, and many of them are not reached by other forms of public transportation.

The current Greyhound advertisement in today's Daly City Record urges women to enlist in the Air Wac, a branch of the Women's Army Corps. It emphasizes that many interesting careers are open to women enlisting in this service, and that the training they will receive will help to establish them professionally in the air age of the post-war tomorrow.

A NATION-WIDE PRODUCER-CONSUMER CAMPAIGN

Julia says- Give a Spring lilt to your menus

THE CALENDAR says it's Spring—so why not add some of Spring's fresh liveliness to mid-April meals?

Of course there are the fairly obvious things we can do, such as using the gay mats and table covers of last summer again, and bringing out bright-hued dishes, and putting the early blossoms from the garden to good use.

And it's easy to add a Spring lilt to an entire menu! Here are some suggestions that will show you what I have in mind—perhaps they will give you some ideas for putting springtime into a dinner, this week:

I'd start the meal with a *Springtime Highball* of combined chilled fruit juices (canned, fresh, or leftovers, with a little lemon juice added).

Then I'd serve an *Early Spring Meat Ring* (use your favorite meat loaf recipe; bake in well greased 1½-qt. ring mold in moderate oven—350° F. —1 hour or until done; unmold, and serve hot or cold).

To fill this ring, I'd use *Deviled Creamed Potato Balls and Peas* (boil large white potatoes and cut into balls with melon cutter or spoon to make them look like new potatoes; cook enough peas to make two cups; make white sauce, adding 1½ tsps. mustard, ¼ tsp. paprika, ½ tsp. salt and ½ tsp. Worcestershire sauce, and pour over potato balls and peas). The potato trimmings, incidentally, are fine for later use, hash browned or in patties.

Alongside, I'd have *Harlequin Slaw* (toss shredded carrots and sliced celery in French dressing, and serve on crisp lettuce or water cress, topped with a dash of mayonnaise).

Or a sprightly *Morning Sunshine Fruit Salad* would add a lively touch (slice peeled orange or grapefruit into ½-inch circles, cover with mixed salad fruits, and garnish with tart lemon dressing).

Served piping hot would be *Cloverleaf Biscuits* (divide the amount of dough for each normal biscuit into three parts, and lay them on the pan so they touch at the center, in cloverleaf fashion).

And to top off the dinner, a *Fresh Apple Gelatin Whip!* Here's the recipe:

- 1 pkg. lemon-flavored gelatin
- 2 cups hot water
- 2 cups coarsely shredded raw apple
- ¼ cup lemon juice
- ⅛ tsp. salt
- 1 cup evaporated milk
- ¼ cup sugar

Dissolve gelatin in hot water in large bowl; chill until thick and syrupy. Shred apple; add lemon juice as soon as apple is shredded, to prevent darkening; add salt. Freeze milk in refrigerator tray until ice crystals form along edge; beat with rotary beater until thick; add sugar gradually, beating until it holds peaks. Beat gelatin with rotary beater until light and fluffy. Fold in apple mixture and whipped milk. Chill. Makes 8 generous servings.

C. S. F.

The members of the California Scholarship Federation are completing their scrap books. They are trying to reach a total of 16, which is the total membership of the organization.

After the scrap books are completed they are planning to do knitting.

A program for the sale of stamps and bonds is also being arranged. The idea will be that of a musical quiz featuring the "Indians of Rhythm."

Donna McCoy has volunteered to start work on an afghan.

INDIANS OF RHYTHM

Last Thursday's assembly featured the ever-popular "Indians of Rhythm."

The program opened with the band playing the new theme song, "Blue Flame."

In "String of Pearls," Don Bortis and Bob Ramage, saxophones; Barbara Gregor, piano; Eugene Grant, and Huberts McDaniels, trombones, had solos.

Pat Morocco sang the vocal on "When They Ask About You." On "Love, Love, Love" a trio consisting of Pat Morocco, Barbara Gregor, and Lillian Altman was featured.

In "Flatbush Flannigan" Emile Lemoine played a trumpet solo. Lillian Altman was the vocalist for "River of the Roses." The trio sang again in "Take it Easy," which included Doris Vernengo, Lillian Altman, and Pat Morocco.

Marie Nunes sang "The Music Stopped."

Everything stopped when Allen Pettigrew sang "This is a Lovely Way to Spend an Evening." This is the first time Allen has sung with the band and he seems to be very promising. (Maybe another Frank Sinatra!)

Fred Waterman, a graduate, who has been playing with the band for four years was given a farewell party, Wednesday.

He is leaving to join the Army Air Corps.

JOIN UP

Andrew Parodi and John Mosman, graduates of Jeff, were seen on the campus, last week, a day or two before entering the Marines.

Both left for San Diego for training.

This year the convention theme is "Serving Our Country Through Allegiance to Youth." Special greetings will be brought to the assembly by A. C. Argo, superintendent of Sequoia Union high school and Miss Pansy J. Abbott, county superintendent of schools.

Mrs. Stella Jensen, president, will preside at the business session and Mrs. H. P. Eder, first vice-president, will be in charge of the program.

Accent on Latin America

NOT only are foreign foods interesting to most of us and good to eat but their very names have charm. What could be more intriguing than Arroz Con Pollo (chicken with rice)? You can bring this popular Latin American dish to your own table without much effort. Why not celebrate Pan American Day, April 14, and give your family the thrill of a new and unexpected foreign dish? Of course, the perfect companion for a Latin American dish . . . and for any dish . . . is flavorful, strong coffee. The countries in the Pan American Coffee Bureau which are represented in the flags shown in the picture are: Brazil, Colombia, Costa Rica, Cuba, Dominican Republic, El Salvador, Mexico, and Venezuela.

Many people are under the impression that all foods cooked in Latin America are highly seasoned and spicy, but the tastes of our good neighbors down South American Way are very much like ours. Take for example this recipe for Arroz Con Pollo. It is not difficult to make and all the ingredients are easily obtained. Serve it with steaming cups of rich, freshly-made coffee and you will have a meal to please everyone. Here is the recipe for Arroz Con Pollo. Of course, it's tested.

Arroz Con Pollo

- 1 chicken (prepared according to directions)
- 2 tablespoons salad oil or shortening
- 1 minced onion
- 1 minced clove garlic
- 1½ cups rice
- 2 cups chicken stock
- 2 teaspoons salt
- 1 teaspoon paprika
- 1 cup cooked or canned peas
- 2 pimientos cut in strips

If fowl or large chicken is used, cut in pieces and simmer in 3 cups water with celery leaves, sliced onion, salt, pepper and herbs. If chicken is young, cook backs and neck in the same way. Saute cooked or uncooked chicken lightly in small amount of shortening. Have ready to serve after rice is cooked.

Heat salad oil, add onion, garlic and rice; cook over low heat until yellow, stirring occasionally. Add stock, salt and paprika. Cover and cook over very low heat about 20 minutes, until rice has absorbed all liquid and is thoroughly cooked. Place rice in shallow casserole. Arrange chicken and peas alternately upon top of rice. Garnish with pimiento.

Note: Asparagus tips and sliced stuffed olives may also be used as a garnish.

ACTIVITIES AT DALY CITY GRAMMAR SCHOOLS

AT JEFFERSON

Tuesday afternoon children of the eighth grade in Jefferson elementary school held a lively debate on the subject 'Do We Need Arabia's Oil?' This subject was taken from the national school newspaper, 'Weekly Current Events.' On the affirmative side were Eugene Lagomarsino, Marie Horky, Phyllis Lane, Leontine Oberg, Raymond Settrini, Aldo Canepa, Mario Stanghellini, David Nolan, and Nathan Chelone. On the negative side were Carolyn Fuchs, Aldo Pessagno, Ricco Ottonello, Robert Benassini and Leland Micheletti.

The children presented their arguments in an intelligent and thoughtful manner, and showed an understanding of the subject that would have done credit to a high school group.

In connection with a new unit called "The Study of Culture," the bulletin board of the seventh grade has a collection of pictures of American authors and their homes. Also pictures of well known classics that every boy and girl is expected to know about before he graduates are displayed.

The "Legend of Sleepy Hollow" is the first story this class is studying and the children are planning to illustrate many of the humorous incidents with which this story abounds.

The room of the second and third graders is decorated with a gay new border, made by the children. Butterflies and potted plants were the motifs used to make this unusually attractive room decoration. First graders are gathering pictures of fruits and vegetables for the scrap books they are about to make in connection with their new grocery and vegetable unit, and kindergarteners are showing the influence of spring by renovating their playhouse furniture.

AT WOODROW

The Woodrow Wilson student body is enthusiastically preparing a program for Pan-American Day. This year in particular much emphasis on the importance of the day is being stressed.

Room 4 has undertaken a study of forests in the United States in connection with natural resources. Locations of national and state forests of California, as well as methods of caring for forests and the extent to which they are used in the commercial field have proved to be of interest to the group.

Plywood samples of varied types of hardwood and softwood trees were displayed by Virginia Marsh. These examples enable the class to visualize the beauty in the grain of different trees.

All reports on Ancient Civilization have been completed and turned in, in Room 8. Many of them have excellent drawings and others have magazine illustrations. Now the students are doing map work on the Nile valley, placing important cities, the ancient temples and the boundaries of Egypt.

Room 9 enjoyed studying the life of the serfs and free men during the Middle Ages. They made diagrams of the plan of the manor.

The pupils of Room 12 have begun study on new reports of their unit, "How Inventions Have Changed Man's Ways of Living."

New group chairmen are Loren Wedel and Dale Nolen. They are studying how factories brought about changes and the development of city life.

Many of the youngsters of the low and high fifth have gone to the museum in Golden Gate park to see what they could find that tied in with their unit, "Pioneers."

The pupils of Room 14 are doing map work for their unit on the "Days of '49." They are locating the principal gold centers on their California maps and also learning about some of those places during the early days.

AT CROCKER

In connection with their unit on "Pioneer Life," the pupils of Room 2 are planning on making a large map of the United States which will show the location of the thirteen original colonies and the rugged land in the west.

During the Easter vacation many pupils of Room 3 traveled in and around the Bay area.

Marion Schnurman, Donald Roberts, and Robert Bloom spent part of their time in the East bay. Carley Carle visited in Oakley.

Easter vacation was spent very pleasantly by various children of Room 4. Many of them visited friends and relatives.

Mary Montano and Ragnar Nordgren went to Los Banos. Joan Wimbley spent the week in San Jose. Janet Wulf stayed with her grandparents in Redwood City. Lois Anderson visited her sister in Richmond.

A few of the pupils of Room 6 were fortunate enough to leave town during part or all of the Easter vacation.

Norma Boscolo spent Thursday with her father visiting in Rutherford.

Florence Nordgren, together with her mother and brothers, spent the week at Los Banos on a large cattle ranch. Florence related how she had killed a rattlesnake while hoeing.

In the recent paper drive Room 6 was proud of its record of 6,815 pounds.

the PIT

A GREAT RIVER GENERATES THE POWER OF HALF-MILLION HORSES

P. G. and E.'s interconnected system of more than 50,000 miles of power lines serves one million electric customers, 73,000 farms, 27,000 industries, 80 military establishments with a *dependable* electric supply at *low* rates.

Like an Indian fantasy come true, the white-maned Pit River, tamed and bridled in a chain of powerhouses, works for the farmer, the miner, the lumberman, the shipbuilder, the housewife and the armed forces—at the flip of a switch.

The Pit River Basin is one of the most remarkable and abundant sources of water in the United States. It is a land literally cushioned with water. Gigantic underground lava-rock caverns store the rains and melting snows of winter and spring. Thousands of springs drain this subterranean water into the Pit River. Here flows in one day enough water to supply all the cities of the San Francisco bay region for an entire year. During the summer low of the Sacramento River the Pit delivers by far the major portion of that stream's flow.

In the Pit Basin, this company now operates a chain of four powerhouses—Hat Creek No. 1, Hat Creek No. 2, Pit No. 1 and Pit No. 3. At Pit No. 3 the entire river is diverted into a tunnel as wide as a highway, and sent surging through the powerhouse turbines.

Pit No. 5 powerhouse, again utilizing the full flow of the river, will be connected into service within a fortnight. Thus this company's electric generating capacity from this great source of hydroelectric energy is increased to nearly HALF-MILLION HORSEPOWER.

When Pit No. 5 goes on the line the total electric capacity of this company will be raised to nearly THREE-MILLION HORSEPOWER—an amount greater than Bonneville and Grand Coulee combined.

FARMERS MEAT COMPANY

MAKE YOUR Ration Points COUNT

It's true many of we Americans are experiencing for the first time, a shortage, or rather a limitation of some things we want to buy. We are allowed to purchase only a given quantity of meats during a stated period.

However, the limit is put on the amount of meat purchased, not on the amount of food value derived from the meat. Wise spending of ration points stretches their buying power.

Good quality meats, cut to your order, and sold at economical prices, will help solve your wartime food problems. And that's the prescription we fill at the Farmers Meat Company.
